

White Brass 3-Gang Wall Plate, Brass Material, 120V/15A, UL Listed

- Brass construction with white brass finish
- Configured for three gang openings (GGS)
- Rated 120V at 15A for standard residential circuits
- IP20 rated, non-waterproof for dry interior use
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-WB-3-G-G-S is a white brass 3-gang wall plate configured with three GGS openings, part of a configurable Build Your Own residential wiring device series. It is suited for standard interior switch and outlet installations where a durable metal cover plate is required.

The plate is constructed of brass with a white brass finish, rated for 120V and 15A circuits. It carries an IP20 environmental rating and is classified non-waterproof, making it appropriate for dry interior locations only.

The device is UL listed and backed by a 1-year warranty.
