

3-Gang Wall Plate, Two Toggle Switches and One USB Port, White Brass, 120V 15A, UL Listed

- Solid brass construction with white brass finish
- 3-gang configuration with two toggle switches and one USB opening
- Rated 120V at 15A for standard branch circuit use
- IP20 rated for dry, non-waterproof indoor environments
- UL listed for electrical safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-3-S-S-U is a 3-gang wall plate assembly built from brass with a white finish, configured with two toggle switch openings and one USB module opening. It is designed for standard branch circuit wiring in commercial and residential installations where a multi-function, multi-gang device is required.

The assembly is rated for 120V at 15A and carries an IP20 rating, making it suitable for dry indoor environments. Construction is solid brass for durability in wall-mounted applications.

The unit is UL listed and backed by a 1-year warranty.
