

3-Gang Wall Plate, White Brass Finish, Single Toggle and Tamper-Resistant Openings, 15A/120V

- White brass finish over solid brass construction
- 3-gang configuration with single toggle and tamper-resistant openings
- Rated for 120 V circuits at 15 A
- IP20 environmental rating for non-waterproof, indoor use
- UL listed for compliance verification
- 1-year warranty coverage

OVERVIEW

The C-VTG-WB-3-S-T-T is a 3-gang wall plate with a white brass finish, configured with one single toggle opening and two tamper-resistant openings for combined switch and receptacle installations. It is intended for residential and light commercial supply circuits where a metal finish and standardized multi-gang layout are required.

The plate is rated for 120 V circuits at 15 A and carries an IP20 environmental rating, classifying it as non-waterproof and suited for indoor, dry-location use. Brass construction provides a durable mounting surface for the toggle and tamper-resistant device combination.

The assembly is UL listed and backed by a 1-year warranty.
