

4-Gang Wall Plate, Two Duplex and Two Single Openings, 15A 120V, White Brass Finish

- Configured with two duplex openings and two single openings
 - Machined from solid brass with a white finish
 - Rated for 120 V circuits at up to 15 A
- IP20 rated for dry indoor use
 - UL listed for code-compliant installation
 - Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-4-D-D-S-S is a 4-gang combination wall plate configured with two duplex openings and two single openings, machined from brass with a white finish. It is intended for locations requiring multiple outlet types consolidated into a single gang box, such as multi-device residential or commercial wiring runs.

The plate is rated for 120 V circuits at up to 15 A and carries an IP20 rating, indicating suitability for dry indoor environments only.

The device is UL listed and backed by a 1-year warranty.
