

White Brass 4-Gang Wall Plate, Two Duplex and Two Toggle Openings, 120V 15A

- Four-gang layout with two duplex and two toggle openings
- White brass finish over brass construction
- Rated 120V at 15A for standard branch circuits
- IP20 rated for non-waterproof, indoor dry locations
- UL listed for verified safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-4-D-D-T-T is a 4-gang wall plate finished in white brass, configured with two duplex receptacle openings and two toggle switch openings. It is intended for residential and light commercial wiring applications where multiple device types are grouped at a single location.

The plate is constructed of brass and rated for 120V / 15A service, carrying an IP20 rating for standard indoor dry locations designated non-waterproof. The white brass finish provides a traditional aesthetic compatible with conventional decor schemes.

The device is UL listed and backed by a 1-year warranty.
