

4 - Gang Wall Plate, Two Duplex Openings, One Toggle and One USB, White Brass, 120V 15A

- Configured with two duplex openings, one toggle, and one USB opening
 - Rated 120V / 15A for standard residential circuits
 - Brass construction with a white brass decorative finish
- IP20 rated for indoor dry -location use
 - UL listed for compliance verification
 - Backed by a 1 -year manufacturer warranty

OVERVIEW

The C-VTG-WB-4-D-D-T-U is a 4-gang wall plate finished in white brass, configured with two duplex outlet openings, one toggle switch opening, and one USB outlet opening. It is intended for residential supply applications where a single gang plate must serve multiple device types in a coordinated installation.

The plate is rated for 120V / 15A service and carries an IP20 rating, suitable for standard indoor dry -location use. Brass construction with a white brass finish provides a decorative surface appropriate for residential interiors, and the assembly is non -waterproof by design.

The device is UL listed and backed by a 1 -year warranty.
