

4 - Gang Wall Plate with One Decorator, One Switch and Two Toggle Openings, White Brass, 120V 15A UL Listed

- 4-gang configuration with decorator, switch and dual toggle openings
- Solid brass construction with a white brass finish
- Rated 120V, 15A for standard residential circuits
- IP20 rated for non-waterproof, dry interior installations
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-4-D-S-T-T is a white brass 4-gang wall plate configured with one decorator opening, one switch opening and two toggle openings. Designed for residential supply applications, it accommodates mixed-device configurations in a single gang plate for multi-function wiring installations in homes, apartments and light commercial spaces.

Constructed from brass with a white finish, the plate is rated IP20 for non-waterproof, dry interior use and is compatible with 120V, 15A wiring configurations typical of North American residential electrical systems.

The plate is UL listed and carries a 1-year warranty.
