

White Brass 4-Gang Wall Plate with Decorator, Switch, Toggle and USB Openings, 120V 15A, UL Listed

- 4-gang configuration with decorator, switch, toggle and USB openings
- Constructed from brass with a white brass finish
- Rated 120V at 15A for standard residential circuits
- IP20 rating for dry indoor installations
- UL listed for code-compliant residential wiring
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-4-D-S-T-U is a white brass 4-gang wiring device assembly configured with one decorator opening, one switch opening, one toggle opening and one USB opening. It is intended for residential build-out and renovation work where multiple device types are consolidated into a single multi-gang plate.

The assembly is rated for 120V operation at 15A and is constructed from brass with a white brass finish. It carries an IP20 rating, suited to dry indoor environments without protection against solid objects smaller than 12mm or moisture.

The device is UL listed and backed by a 1-year warranty.
