

4 - Gang Wall Plate, White Brass Finish, One Decorator and Three Toggle Openings

- 4-gang configuration with one decorator opening and three toggle openings
- Brass construction with white finish
- Rated for 120 V / 15 A circuits
- IP20 rated for non-waterproof, indoor dry locations
- UL listed
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-4-D-T-T-T is a white brass 4-gang wall plate configured with one decorator opening and three toggle-style openings. It provides a durable, finished cover for multi-switch installations at a single gang location in residential and light commercial wiring applications.

Constructed from brass with a white finish, this wall plate is rated for 120 V / 15 A circuits and carries an IP20 rating, suitable for standard indoor dry locations. The device is UL listed and carries a 1-year warranty.
