

4 - Gang Wall Plate with One Decorator Opening and Three USB Ports, White Brass, 120V/15A, UL Listed

- Configured with one decorator opening and three USB openings
- Brass construction with white finish
- Rated 120V at 15A for standard residential circuits
- IP20 rated for dry, non-waterproof indoor locations
- UL listed for verified safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-4-D-U-U-U is a white brass 4-gang wall plate configured with one decorator opening and three USB openings, built for residential supply installations requiring mixed device layouts. It suits multi-outlet points in residential and light commercial settings where decorator switches and USB charging ports are combined on a single plate.

Constructed from brass with a white finish, the plate is rated for 120V/15A service and carries an IP20 rating for dry indoor environments, with a non-waterproof environmental rating confirming indoor-only use.

The assembly is UL listed and backed by a 1-year warranty.
