

White Brass 4-Gang Wall Plate, Two Duplex and Two Toggle Openings, 120V/15A

- Configured with two duplex receptacle openings and two toggle switch openings
- Constructed of solid brass with a white brass finish
- Rated for 120V, 15A electrical circuits
- IP20 environmental rating for indoor use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-WB-4-G-G-T-T is a white brass 4-gang combination wall plate configured with two duplex receptacle openings and two toggle switch openings (GGTT). It is intended for residential supply installations where a single cover plate must accommodate mixed device types in one location.

The plate is rated for 120V, 15A circuits and constructed of brass with a white brass finish. It carries an IP20 environmental rating and is classified non-waterproof, making it suitable for standard indoor wall installations.

The product is UL listed and backed by a 1-year warranty.
