

4-Gang Wall Plate, Two Toggle Switches and Two USB Openings, 15A 120V, White Brass Finish

- 4-gang configuration with two toggle switches and two USB openings
- Brass construction with white finish
- Rated 15A at 120V for standard residential circuits
- IP20 rated for dry, non-waterproof indoor environments
- UL listed for compliance verification
- Backed by 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-4-S-S-U-U is a 4-gang wall plate configured with two toggle switch openings and two USB openings (SSUU) in a single enclosure. It is intended for residential and light commercial wiring applications where a multi-gang finish plate is required to house a mix of switch and USB devices in one location.

Constructed from brass with a white finish, the plate is rated for 120V service at 15A and carries an IP20 rating, classifying it as non-waterproof and suitable for dry indoor environments.

The device is UL listed and backed by a 1-year warranty.
