

4 - Gang Wall Plate, White Brass Finish, One Simplex, Two Toggle, One USB Opening, 120V 15A UL Listed

- 4-gang configuration with one simplex, two toggle, and one USB opening
- White brass finish over brass base material
- Rated 120V at 15A for standard residential circuits
- IP20 rated for non-waterproof, indoor dry locations
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-4-S-T-T-U is a 4-gang wall plate assembly configured with one simplex opening, two toggle switch openings, and one USB opening, intended for residential and light commercial wiring device installations. The white brass finish and brass construction provide a durable cover surface for standard wall box applications in living spaces, hallways, and common areas.

The device is rated for 120V operation at 15A and carries an IP20 environmental rating for non-waterproof, dry indoor locations. It is UL listed and backed by a 1-year warranty.
