OVERVIEW

The C-VTG-WB-4-T-T-U-U is a white brass 4-gang wall plate configured with two toggle switch openings and two USB openings, designed for residential and light commercial electrical installations where a durable, finished appearance is required. This build-your-own configuration allows contractors and property managers to specify the exact gang count and opening arrangement to match the installed wiring devices.

The plate is rated for 120V circuits at 15A and constructed of brass with a white brass finish. It carries an IP20 environmental rating and is intended for non-waterproof, interior applications.

The device is UL listed and backed by a 1-year warranty.
