OVERVIEW

The C-VTG-WB-4-T-U-U-U is a 4 - gang wall plate configured with one toggle switch opening and three USB device openings, intended for residential and light commercial wiring installations. The multi - gang layout suits locations requiring combined switching and USB charging access in a single mounting point, such as living rooms, home offices, or utility areas.

Constructed from brass with a white brass finish, the plate is rated for 120V/15A service and carries an IP20 rating, indicating suitability for dry indoor, non - waterproof environments.

The device is UL listed and backed by a 1 - year warranty.
