

5 - Gang Combination Wall Plate, White Brass, Three Decorator Openings, Switch and Toggle, 120V/15A

- Five-gang configuration with three decorator openings, one switch, one toggle
- Brass construction with white finish
- Rated 120 V / 15 A for standard residential circuits
- IP20 rated for non-waterproof, indoor dry-location use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-WB-5-D-D-D-S-T is a five-gang combination wall plate finished in white brass, configured with three decorator openings, one single switch, and one toggle switch within a single assembly. It is intended for residential supply applications where multiple device types must be grouped within a common faceplate.

Constructed from brass with a white finish, the plate is rated for 120 V / 15 A service and carries an IP20 rating, suitable for standard indoor dry-location installations.

The assembly is UL listed and backed by a 1-year warranty.
