

5 - Gang Wall Plate, White Brass Finish, Three Decorator, One Toggle Switch, One USB

- Five-gang configuration with three decorator openings, one toggle switch, and one USB opening
- White brass finish over brass construction
- Rated 120 V at 15 A for standard residential circuits
- IP20 rated for non-waterproof, indoor applications
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-WB-5-D-D-D-S-U is a 5-gang wall plate in a white brass finish, configured with three decorator-style openings, one toggle switch opening, and one USB opening. It consolidates multiple device types into a single assembly for residential and light commercial wiring installations.

The plate is constructed of brass and rated 120 V at 15 A, with an IP20 environmental rating for non-waterproof, indoor use. The assembly is UL listed and carries a 1-year warranty.
