

5 - Gang Wall Plate, Three Duplex and Two Toggle Openings, 120V/15A, White Brass Finish

- Five-gang configuration with three duplex and two toggle openings
- Rated for 120V service at 15A
- IP20 rating suited to interior dry locations
- Brass construction with white brass finish
- UL listed
- 1-year manufacturer warranty

OVERVIEW

This 5-gang combination wall plate is configured with three duplex receptacle openings and two toggle switch openings, suitable for locations where multiple devices share a single gang box. The brass construction with a white brass finish provides a durable, decorative surface appropriate for residential, office, and hospitality installations.

The plate is rated for 120V service at 15A and carries an IP20 rating, indicating protection against solid objects greater than 12mm with no specific moisture resistance, making it appropriate for standard interior dry locations.

The assembly is UL listed and backed by a 1-year warranty.
