

5 - Gang Wall Plate, Three Decorator Openings and Two USB, White Brass Finish, 120V

- Configured with three decorator openings and two USB openings
- Constructed from brass with a white brass finish
- Rated for 120V operation at 15A current draw
- IP20 rated for non-waterproof indoor installations
- UL listed for compliance with electrical safety standards
- Backed by a 1-year manufacturer warranty

OVERVIEW

This 5-gang wall plate is configured with three decorator openings and two USB openings, providing a single faceplate solution for combined switch and USB charging access in commercial and residential installations. The brass construction with a white brass finish offers a durable, corrosion-resistant surface suited to standard interior wall installations.

The plate is rated for 120V operation with a 15A current draw and carries an IP20 environmental rating, indicating it is intended for indoor, non-waterproof applications. It is UL listed and backed by a 1-year warranty.
