

5 - Gang Combination Wall Plate, White Brass Finish, 120V/15A, Two Decorator and Three Single Openings

- Configured with two decorator openings and three single openings
- Constructed of brass with a White Brass finish
- Rated for 120 V circuits at up to 15 A
- IP20 rated for standard indoor dry-location installations
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

This 5-gang combination wall plate is configured with two decorator openings and three single openings, suited for commercial and residential installations requiring mixed device types in one gang location. The brass construction provides a durable, professional finish consistent with commercial-grade wiring device applications.

The plate is rated for 120 V circuits at up to 15 A and carries an IP20 rating, indicating suitability for standard indoor dry-location use. It is UL listed and backed by a 1-year warranty.
