

5 - Gang Wall Plate, Two Decorator Two USB One Single Opening, White Brass, 120V/15A

- Five-gang configuration with two decorator openings, one single opening, and two USB ports
- White Brass finish over solid brass construction
- Rated for 120 V, 15 A circuit applications
- IP20 rated, suited for dry, non-waterproof indoor locations
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The White Brass 5-Gang Combination Wall Plate is a multi-configuration residential-grade cover plate accommodating two decorator openings, one single receptacle opening, and two USB ports within a single gang assembly. It is intended for residential supply applications where multiple outlet types are required at one wall location.

Constructed from brass with a white finish, the plate is rated for 120 V, 15 A circuits and carries an IP20 rating, indicating suitability for dry indoor environments.

The assembly is UL listed and backed by a 1-year warranty.
