

White Brass 5 - Gang Wall Plate, Two Decorator, One Toggle, Two USB Openings, 120V/15A

- Five-gang configuration with two decorator openings, one toggle and two USB cutouts
- Solid brass construction with a white brass finish
- Rated for 120 V / 15 A circuit applications
- IP20 environmental rating for dry-location indoor installation
- UL listed for electrical safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-5-D-D-T-U-U is a five-gang combination wall plate finished in white brass, configured with two decorator openings, one toggle opening and two USB openings within a single gang box footprint. It is intended for residential and light commercial supply applications where multiple device types must share a common wall plate.

Constructed from brass with a white brass finish, the plate is rated for 120 V / 15 A circuits and carries an IP20 environmental rating for standard indoor dry-location use.

The assembly is UL listed and carries a 1-year warranty.
