

5 - Gang Wall Plate with Decorator, GFCI, Switch, Tamper-Resistant and USB Openings, 120V/15A, White Brass

- Five-gang plate combines decorator, GFCI, switch, tamper-resistant and USB openings
 - Rated for 120 V service at 15 A
 - Brass construction with a white brass finish
- IP20 rated for non-waterproof, dry indoor use
 - UL listed assembly
 - Backed by a 1-year warranty

OVERVIEW

The C-VTG-WB-5-D-G-S-T-U is a five-gang wall plate finished in white brass, configured with one decorator opening, one GFCI opening, one switch opening, one tamper-resistant opening and one USB opening. It is intended for residential and light commercial installations where a single plate must serve multiple device types in a unified assembly.

The plate is rated for 120 V service at 15 A and carries an IP20 rating with a non-waterproof environmental rating, suitable for dry indoor locations. The brass construction and white brass finish provide a durable, uniform appearance across the five device openings.

The assembly is UL listed and backed by a 1-year warranty.
