

White Brass 5 - Gang Wall Plate, One Decorator and Four Single Openings, 120V 15A

- Brass construction with white brass finish
- One decorator opening and four single-device openings in a 5-gang layout
- Rated for 120V circuits at 15A
- IP20 rated for non-waterproof interior applications
- UL listed
- 1-year warranty coverage

OVERVIEW

The C-VTG-WB-5-D-S-S-S-S is a 5-gang wall plate finished in white brass, configured with one decorator-style opening and four single-device openings. It is intended for residential and light commercial wiring installations where a mix of switch, outlet, and decorator device types must be combined in a single multi-gang panel.

The plate is constructed of brass and carries an IP20 rating, classifying it as non-waterproof for standard interior use. It is rated for 120V service at 15A, matching common residential and light commercial circuit requirements.

The product is UL listed and backed by a 1-year warranty.
