

5 - Gang Wall Plate, Duplex and Three Switches and Toggle, White Brass, 120V 15A

- 5 - gang configuration with duplex, three switch, and toggle openings
- White brass finish over brass construction
- Rated for 120 V circuits at up to 15 A
- IP20 rating for indoor dry - location use
- UL listed for compliance verification
- Backed by a 1 - year warranty

OVERVIEW

This is a 5 - gang wall plate finished in white brass, configured with one duplex receptacle opening, three switch openings, and one toggle opening. It is intended for residential and light commercial electrical supply installations where combined outlet and switching functions are consolidated into a single gang plate assembly.

Constructed from brass, the plate is rated for 120 V circuits at up to 15 A and carries an IP20 rating with a non - waterproof environmental rating, suitable for standard indoor dry - location use.

The assembly is UL listed and carries a 1 - year warranty.
