

5 - Gang Combination Wall Plate, Decorator, Switch and Three Toggle Openings, White Brass

- 5-gang configuration with decorator, switch and three toggle openings
- Constructed from brass with a white brass finish
- Rated 120 V at up to 15 A for standard branch circuits
- IP20 rated for indoor, non-waterproof installations
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-WB-5-D-S-T-T-T is a 5-gang combination wall plate finished in white brass, configured with one decorator opening, one switch opening, and three toggle openings. It is built for wiring assemblies where multiple switch and outlet functions are combined into a single plate for commercial or residential installations.

The plate is constructed from brass and rated for 120 V circuits at up to 15 A, with an IP20 rating suitable for standard indoor dry-location use in a non-waterproof environment.

The assembly is UL listed and carries a 1-year warranty.
