

5 - Gang Wall Plate, 15A 120V, White Brass Finish, One Decorator, Switch, Two Toggle and USB Openings

- Five-gang configuration with decorator, switch, two toggle and USB openings
- White Brass finish over solid brass construction
- Rated 120 V at 15 A for standard residential circuits
- IP20 rated for non-waterproof, indoor installation
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-5-D-S-T-T-U is a 5-gang wall plate finished in white brass, configured with one decorator opening, one switch opening, two toggle openings and one USB opening for consolidated device control at a single location. It is built for residential and light commercial wiring applications where multiple device types are combined in one assembly.

The plate is rated for 120 V operation with a 15 A current draw and carries an IP20 environmental rating, indicating suitability for standard indoor, non-waterproof installations. Construction is brass with a white brass finish for a vintage hardware appearance.

The device is UL listed and backed by a 1-year warranty.
