

5 - Gang Wall Plate, White Brass Finish, One Decorator, One Toggle, Three USB Openings, 120V

- 5-gang configuration with one decorator and one toggle opening
- Three USB-style openings for combined device mounting
- Constructed of brass with a white brass finish
- Rated for 120 V operation at 15 A current draw
- IP20 rated, classified non-waterproof for indoor use
- UL listed with a 1-year warranty

OVERVIEW

This 5-gang wall plate is finished in white brass and configured with one decorator opening, one toggle opening and three USB-style openings, allowing multiple device types to be combined in a single plate. It is intended for residential wiring applications where a custom multi-function switch and outlet arrangement is needed.

The plate is constructed of brass and rated for 120 V operation at 15 A. It carries an IP20 rating and is classified non-waterproof, suitable for standard indoor residential use.

The product is UL listed and backed by a 1-year warranty.
