

5 - Gang Combination Wall Plate, White Brass Finish, 120V/15A, UL Listed

- Brass construction with white finish for a uniform faceplate appearance
- Rated for 120V/15A electrical service
- IP20 rated for indoor dry-location installations
- Five-gang layout with three decorator, one switch, and one USB opening
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-WB-5-G-G-G-S-U is a 5-gang combination wall plate configured with three decorator openings, one toggle switch opening, and one USB opening. It is intended for residential supply installations where multiple device types are consolidated into a single faceplate assembly.

Constructed from brass with a white finish, the plate is rated for 120V/15A service and carries an IP20 rating for standard indoor dry-location use. The assembly is UL listed and backed by a 1-year warranty.
