

5 - Gang Wall Plate, Two Duplex, One Switch and Two Toggle Openings, White Brass, 120V 15A

- Brass construction with white brass finish
- 5-gang layout: two duplex, one switch and two toggle openings
- Rated 120V, 15A service
- IP20 rating for non-waterproof indoor use
- UL listed
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-5-G-G-S-T-T is a 5-gang wall plate finished in white brass, configured with two duplex receptacle openings, one switch opening and two toggle openings. It is designed for residential and commercial supply applications where multiple device types must be combined under a single faceplate.

Constructed of brass, the plate carries an IP20 rating for indoor, non-waterproof installations and is rated for 120V at 15A service. This configuration suits multi-function wiring layouts requiring a unified appearance across mixed device types.

The product is UL listed and backed by a 1-year warranty.
