

5 - Gang Wall Plate, Two Decorator Openings, Two Toggle Switches, One USB, 120V/15A White Brass

- Five-gang configuration with two decorator, two toggle and one USB opening
- Brass construction with white finish
- Rated for 120V, 15A service
- IP20 rated for dry indoor use, non-waterproof classification
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-WB-5-G-G-T-T-U is a white brass 5-gang wall plate configured with two decorator openings, two toggle switch openings and one USB opening for residential supply applications. This layout supports a mix of receptacle, switch and USB devices within a single multi-gang assembly, suited to consolidated outlet and switch installations in residential or light commercial settings.

The plate is constructed from brass with a white finish and is rated for 120V/15A service. It carries an IP20 rating, indicating suitability for dry indoor environments, and is classified non-waterproof.

The device is UL listed and backed by a 1-year warranty.
