

5 - Gang Wall Plate, GFCI, Switch, Two Toggle and USB Openings, White Brass, 120V 15A UL Listed

- Five-gang configuration with GFCI, switch, two toggle and one USB opening
- Brass construction with a white brass finish
- Rated for 120V, 15A circuits
- IP20 rated, non-waterproof environmental classification
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-WB-5-G-S-T-T-U is a white brass 5-gang wall plate configured with one GFCI opening, one switch opening, two toggle openings and one USB opening, intended for multi-device electrical box installations in residential and light commercial settings. It provides a finished cover for combined receptacle, switch and USB device configurations in a single gang box run. The plate is constructed of brass with a white brass finish, rated IP20 and classified non-waterproof, for use on 120V 15A circuits. It is UL listed and carries a 1-year warranty.
