

5 - Gang Wall Plate, GFCI, Two Toggle Switches and Two USB Ports, 15A 120V, White Brass Finish

- 5 - gang faceplate with one GFCI outlet, two toggles and two USB ports
- Rated 15 A at 120 V for standard residential branch circuits
- Brass construction with a white brass finish
- IP20 rated for non - waterproof, dry - location installation
- UL listed for compliance verification
- Backed by a 1 - year manufacturer warranty

OVERVIEW

This 5 - gang wall plate combines one GFCI outlet, two toggle switches, and two USB charging ports in a single brass faceplate finished in white brass. It is intended for residential supply points where multiple device types must be consolidated into one gang location, such as kitchens, bathrooms, or entertainment rooms.

The assembly is rated for 15 A at 120 V, matching standard residential branch circuits, and carries an IP20 non - waterproof environmental rating suited to indoor dry - location use.

The device is UL listed and backed by a 1 - year warranty.
