- Brass construction with white brass finish
- 5-gang configuration with one G opening and four U openings
- Rated for 120V, 15A residential circuits
- IP20 rated, non-waterproof, for indoor use
- UL listed
- 1-year warranty

OVERVIEW

The C-VTG-WB-5-G-U-U-U-U is a white brass 5-gang wall plate configured with one G opening and four U openings, intended for multi-device wall installations in residential supply applications. Its brass construction provides a durable, decorative cover for standard wiring devices.

The plate is rated for 120V and 15A circuits, with an IP20 environmental rating classifying it as non-waterproof and suited for indoor use only.

The product is UL listed and carries a 1-year warranty.
