

White Brass 5 - Gang Wall Plate, Four Switch Openings and One USB, 120V/15A, UL Listed

- Five-gang configuration with four toggle switch openings and one USB module opening
- White brass finish over solid brass construction for a uniform appearance
- Rated for 120V circuits at 15A
- IP20 environmental rating for indoor, non-waterproof applications
- UL listed for electrical safety compliance
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-WB-5-S-S-S-S-U is a white brass 5-gang wall plate configured with four toggle switch openings and one USB module opening, intended for residential and light commercial electrical installations where multiple switches and a USB charging point are grouped at a single wall location. The brass construction with a white brass finish provides a durable, uniform appearance for standard wall box mounting. The plate is rated for 120V/15A circuits and carries a non-waterproof, IP20 environmental rating, making it suitable for indoor, dry-location use only. It is UL listed and backed by a 1-year warranty.

SPECIFICATIONS
