

5 - Gang Wall Plate, White Brass Finish, Three Single and Two Toggle Openings, 120V 15A

- Five-gang configuration with three single openings and two toggle openings
- White brass finish over brass construction
- Rated for 120 V operation at 15 A
- IP20 rated, non-waterproof environmental rating
- UL listed
- 1-year warranty

OVERVIEW

The C-VTG-WB-5-S-S-S-T-T is a 5-gang wiring device wall plate finished in white brass, configured with three single-device openings and two toggle-switch openings. It is intended for residential wiring installations where standard receptacles and toggle switches share a common faceplate location.

The assembly is rated for 120 V operation at 15 A and is constructed of brass. It carries an IP20 rating and is classified non-waterproof, suited to interior dry-location use.

The device is UL listed and backed by a 1-year warranty.
