

5 - Gang Wall Plate, White Brass Finish, Two Switch and Three Toggle Openings, 120V 15A

- 5 - gang configuration with two switch and three toggle openings
- White brass finish over brass construction
- Rated for 120V operation at 15A
- IP20 rated for standard indoor use
- Non - Waterproof environmental rating
- UL listed with 1 - year warranty

OVERVIEW

The C-VTG-WB-5-S-S-T-T-T is a 5 - gang wall plate finished in white brass, configured with two switch openings and three toggle openings. It is intended for residential supply applications where a single wall plate must accommodate multiple switching devices in one location. Constructed of brass, the plate carries an IP20 rating and a Non - Waterproof environmental rating, indicating suitability for standard indoor residential use rather than wet or damp locations. It is rated for 120 V operation at 15 A. The product is UL listed and carries a 1 - year warranty.
