- Configured with two duplex receptacles, two toggle switches, and one USB outlet
- Rated for 120 V circuits at 15 A
- Constructed from brass with a white brass finish
- Carries an IP20 rating for dry indoor environments
- UL listed for electrical compliance
- Backed by a 1 - year warranty

OVERVIEW

The C-VTG-WB-5-S-S-T-T-U is a 5-gang wall plate finished in white brass, configured to accommodate two duplex receptacles, two toggle switches, and one USB outlet. It is intended for residential supply applications where a multi-device wall station is required in a single gang grouping. Constructed from brass with a white finish, the plate is rated for standard 120 V circuits at 15 A and carries an IP20 rating, suitable for dry indoor environments. The unit is UL listed and backed by a 1-year warranty.
