

White Brass 5 - Gang Wall Plate, One Single Outlet, Three Toggle, One USB Opening, 120V/15A

- Five-gang configuration with one single outlet opening
- Three toggle switch openings for multi-device control
- One USB port opening for integrated charging access
- White brass finish over brass construction
- Rated 120 V / 15 A for standard residential circuits
- UL listed with IP20 rating for dry indoor use

OVERVIEW

The C-VTG-WB-5-S-T-T-T-U is a five-gang combination wall plate finished in white brass, configured with one single outlet opening, three toggle switch openings and one USB port opening. It is intended for residential supply applications where a single cover plate must serve multiple device types within a common gang box.

Constructed from brass and rated for 120 V / 15 A service, the plate suits standard residential and light commercial wiring installations. The IP20 rating indicates protection against solid objects greater than 12 mm, appropriate for dry indoor environments.

The plate is UL listed and carries a 1-year warranty.
