

5 - Gang Wall Plate, One Switch, Two Toggle, Two USB Openings, White Brass, 120V/15A

- Five-gang plate with one switch, two toggle and two USB openings
- White brass finish over solid brass base material
- Rated for 120V operation at 15A current draw
- UL listed for compliance verification
- IP20 rated, non-waterproof, for indoor use only
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-5-S-T-T-U-U is a 5-gang wall plate finished in white brass, built for residential supply applications that require multiple device types in a single mounting location. The STTUU configuration provides one switch opening, two toggle openings and two USB openings within a single brass plate assembly.

The plate is rated for 120V operation at 15A and carries an IP20 environmental rating, indicating it is intended for non-waterproof, indoor installation. It is UL listed and backed by a 1-year warranty.
