

White Brass 5 - Gang Toggle Switch Wall Plate, 120V/15A, UL Listed

- Five toggle switch openings for multi-switch installations
- Brass construction with white finish
- Rated for 120V at 15A
- IP20 rated, non-waterproof design
- UL listed
- 1-year warranty

OVERVIEW

The C-VTG-WB-5-T-T-T-T-T is a white brass 5-gang toggle switch wall plate configured with five toggle switch openings. It is intended for residential and light commercial wiring applications where multiple toggle switches are grouped at a single location.

The wall plate is constructed from brass with a white finish and is rated for 120 V at 15 A. It carries an IP20 environmental rating and is classified as non-waterproof, making it suitable for standard interior installations rather than wet or damp locations.

The product is UL listed and carries a 1-year warranty.
