

5 - Gang Combination Wall Plate, 3 Toggle and 2 Duplex, 120V, 15A, White Brass

- 5-gang configuration with three toggle and two duplex openings
- Rated for 120V service at 15A
- Brass construction with white brass finish
- IP20 rated for dry indoor, non-waterproof environments
- UL listed
- Backed by 1-year warranty

OVERVIEW

The C-VTG-WB-5-T-T-T-U-U is a 5-gang combination wall plate finished in white brass, configured with three toggle switch openings and two duplex receptacle openings. It is suited for residential and light commercial installations where a single cover plate must serve mixed device types in a common gang box.

The plate is rated for 120V service at 15A and carries an IP20 rating, indicating suitability for dry indoor environments. Brass construction with a white brass finish provides a durable surface for standard interior wall applications.

The assembly is UL listed and backed by a 1-year warranty.
