

5-Gang Wall Plate, One Toggle Switch and Four USB Openings, White Brass Finish, 15A 120V

- Brass construction in a white brass finish
- 5-gang configuration with one toggle switch and four USB openings
- Rated 120 V at 15 A
- IP20 environmental rating for non-waterproof indoor use
- UL listed
- 1-year warranty

OVERVIEW

This 5-gang wall plate is configured with one toggle switch opening and four USB openings, built for residential supply installations requiring a combined switch and USB access point. The white brass finish suits decorative residential and light commercial wiring projects.

The plate is rated for 120 V operation at 15 A and carries an IP20 environmental rating for non-waterproof indoor use. Brass construction provides a durable metallic housing for the five-position configuration.

The device is UL listed and backed by a 1-year warranty.
