

## Black 3-Prong Flat Plug AC Power Cord, SJT 3×14 AWG, 125V 15A, 59 in.

### OVERVIEW

The CA-AC14 is a black 3-prong flat plug AC power cord designed for connecting commercial and industrial lighting fixtures, equipment, and other electrical loads to standard US 120V outlets. It is suited for contractor and facility applications requiring a reliable, pre-terminated power cord with a standard NEMA 5-15 flat plug configuration.

The cord is constructed with SJT-rated 3×14 AWG conductors, rated for 125V and 15A service. The outer jacket measures 9.3mm in diameter, and the cord length is 150cm (approximately 59 inches).
