

12 AWG Automotive Wire, Black, 100 ft Spool

- 12 AWG conductor sizing for automotive wiring runs
- 100 ft spool length for extended wiring projects
- Black jacket for consistent circuit identification
- Backed by a 1-year warranty

OVERVIEW

The CA1-12B is a 12 AWG automotive wire supplied on a 100 ft spool in black. It is intended for general-purpose electrical connections in automotive applications, where consistent conductor sizing and adequate length are required for wiring runs, circuit extensions, and related vehicle electrical work.

The wire is constructed to handle the demands of automotive environments, offering durability under the operating conditions typical of vehicle electrical systems. The black jacket provides straightforward circuit identification and a clean installation appearance.

The wire carries a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime	50,000 h
--------------	----------

ELECTRICAL

Wire Gauge	12 AWG
