

18 AWG 4-Conductor PVC-Jacketed Cable, 660 ft (200 m) Roll

- 18 AWG conductor size across 4 wires
- PVC jacket for environmental protection
- Supplied on a 660 ft (200 m) roll
- Meets industry wiring standards
- Backed by a 1-year warranty

OVERVIEW

The CA4J-18 is an 18 AWG, 4-conductor cable with a PVC jacket, supplied on a 660 ft. (200 m) roll. It is intended for residential and commercial wiring applications where a multi-conductor run is needed, and the roll format reduces handling time on larger jobs.

The PVC jacket provides protection against common environmental factors encountered during installation, and the cable is noted to meet industry standards for straightforward installation.

The cable is backed by a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h
