- Rated for a 50,000-hour service life
- Backed by a 1-year warranty
- Secure fit supports stable cutting operation

OVERVIEW

The Graphtec 45-Degree Cutting Vinyl Blade (CB-GRAPHTEC-45) is a replacement blade designed for precision vinyl cutting applications. It is compatible with a wide range of Graphtec cutting machines, providing a secure fit and stable operation suited to professional production environments.

The blade is constructed from quality materials intended to retain sharpness through repeated use cycles, supporting clean, accurate cuts on intricate designs and fine detail work. Its design aims to minimize material waste, contributing to reduced operational costs over time.

The blade carries a 1-year warranty and is rated for a 50,000-hour service life.
