

Graphtec Vinyl Cutting Blade, 45-Degree Angle, 15-Thick, for Vinyl Signage Machines

- 45-degree blade angle for detailed, intricate vinyl cutting
- 15-thick blade construction for heavy-duty durability
- Compatible with Graphtec cutting machines
- Backed by a 1-year warranty
- Designed for low-maintenance installation in production settings

OVERVIEW

The CB-GRAPHTEC-L-45 is a replacement cutting blade designed for use with Graphtec cutting machines, intended for heavy-duty vinyl cutting applications. The 45-degree blade angle suits intricate design work, producing clean, precise cuts through vinyl media.

The blade is constructed for durability and ease of installation, making it a practical option for production environments where consistent cut quality and low maintenance downtime are priorities.

The blade is backed by a 1-year warranty.
