

Cutting Vinyl Blade for Roland Cutters, 60-Degree

- 60-degree blade angle for precise vinyl cutting
- Compatible with Roland vinyl cutting machines
- Fine, sharp tip supports intricate and detailed designs
- Suited for small-scale and large-format signage work
- Designed for quick installation and replacement
- Backed by a 1-year warranty

OVERVIEW

The CB-ROLAND-60 is a 60-degree cutting blade designed for use with Roland vinyl cutting machines. It is suited for production of graphics, logos, decals, and other signage applications requiring clean, accurate cuts across a range of vinyl materials.

The blade features a sharp, fine tip that supports intricate designs and detailed work at both small-scale and large-format sizes, and is designed for straightforward installation and replacement to minimize downtime.

Backed by a 1-year warranty for added assurance of consistent performance.
