

18W LED Driver, Metal Box Enclosure,
Female Jack for A-GL Series Ceiling Lights

- Rated output of 18W for A-GL Series ceiling fixtures
- Metal box enclosure for mechanical protection
- Female jack connector for direct fixture connection
- Supports LED lifetime rating of 50,000 hours
- Backed by 1 - year warranty

OVERVIEW

The D-D18F-0.3-FEMALE is an 18W LED driver housed in a metal enclosure, designed as a compatible driver for A-GL Series ceiling light fixtures. It is intended for use in commercial and industrial ceiling lighting installations where a dedicated, fixture-matched driver is required.

Rated at 18W, this driver is supplied in a metal box construction, providing a degree of mechanical protection suitable for above-ceiling or junction box mounting applications. The female jack connector facilitates direct connection to compatible A-GL Series fixtures. The driver supports an LED lifetime rating of 50,000 hours.

The product is backed by a 1-year warranty.
